Highlights

North America delivered net sales growth of 5% with growth across all three key markets.

In US Spirits, net sales increased 5%.

Net sales in Canada increased 5% with broad based growth, including strong ready to drink performance. Spirits net sales was up 3%.

DBC USA net sales grew 10% largely driven ready to drink growth of 18%. In beer, net sales were up 2%, with Guinness growing 3%.

Europe and Turkey delivered 4% net sales growth. Europe was up 3% with growth driven by Continental Europe, Great Britain and Ireland.

Strong growth in gin in Europe continued with Tanqueray and Gordon's growing double digit, benefitting from growth across their core and innovation variants. In Western Europe we continued to gain market share in gin.

Beer was up 1% in Europe. Lager net sales grew 5% driven by Rockshore in Ireland, while Guinness Draught grew 1%.

In Turkey, net sales grew 11% driven by inflation and excise led price increases.

Africa delivered 7% net sales growth, with growth across East Africa, Africa Regional Markets and South Africa partially offset by a decline in Nigeria. In East Africa net sales grew 13% driven by growth across both beer and spirits, partially benefitting from lapping prior year weakness in the first half.

Across Africa, beer net sales were up 5% driven by double digit growth in Senator Keg, Serengeti Lite, and Malta Guinness, partially offset by declines in Satzenbrau.

Spirits delivered strong net sales growth driven by mainstream spirits and scotch across all key markets as well as strong growth of Tanqueray in South Africa.

Latin America and Caribbean delivered 9% growth in net sales with strong performance in Brazil, Mexico, Colombia and CCA. Net sales in Brazil grew 11%, partially benefitting from a one-off incentive related credit.

Scotch grew 7% with continued solid performance of Johnnie Walker and primary scotch growing 5% and 14% respectively. Buchanan's was up 8% and Old Parr returned to growth as both brands benefit from lapping last year's tax changes in Colombia.

Don Julio delivered double digit growth led by Mexico.

Gin grew double digit driven by the strong growth of Tanqueray in Brazil.

Asia Pacific delivered 9% growth in net sales with strong growth across the region except North Asia.

Scotch net sales were up 9% across the region led by strong performance in Johnnie Walker and scotch malts, which more than offset the net sales decline of Windsor in Korea.

Greater China grew 19% driven by strong performance in both Chinese white spirits and scotch.

Net sales in India grew 8% with growth from the "Prestige and Above segment" up 12%, led by double digit growth in scotch, driven by Johnnie Walker and Black & White.

Basic earnings per share (pence)

- (i) Exchange rate movements reflect the translation of prior period reported results at current exchange rates.
- (ii) Excluding exchange.
- (iii) Net finance charges in relation to share buyback and acquisitions and disposals are reflected in the respective categories.
- (iv) Exchange on operating profit before exceptional items.
- (v) Operating profit excluding exchange, depreciation and amortisation, post employment charges and non-cash items.
- (vi) Working capital movement includes maturing inventory.
- (vii) Other items include post employment payments, dividends received from associates and joint ventures, and movements in loans and other investments.
- (viii) ROIC calculation excludes exceptional income statement items.

Delivering our strategy through consistent performance

Reported net sales (£12.9 billion) increased 5.8% with organic growth partially offset by acquisitions and disposals. Reported operating profit (£4.0 billion) increased 9.5%, driven by organic growth

All regions contributed to broad based organic growth, with organic net sales up 6.1% with organic volume up 2.3%

Organic operating profit grew 9.0%, ahead of top line organic growth, driven by improved price/mix and productivity benefits from everyday cost efficiencies, partially offset by cost inflation and higher marketing investment

Cash flow continued to be strong, with net cash from operating activities at £3.2 billion, up £164 million and free cash flow at £2.6 billion, up £85 million

Basic eps of 130.7 pence increased by 7.4%. Pre-exceptional eps grew 10.3% to 130.8 pence, driven by higher operating profit and lower finance charges, which more than offset an increased tax charge as a result of higher profit

The final dividend increased 5% bringing the full year dividend to 68.57 pence per share
